

Disco

A disco ball is the central focus, its reflective surface catching and refracting light. It is surrounded by several vertical light tubes of varying heights and colors, including blue, purple, and red. The background is dark, making the illuminated elements stand out. The word "Disco" is written in a clean, white, sans-serif font across the middle of the image.

**Description :**

LED column. A luminous column with modern style for ambient lighting.

**Product informations :**

Material : Aluminium and PMMA.  
Junction temperature : 72°C  
650Ma waterproof driver integrated in the mast.  
Sealed connexion.

**Finishes :**

Powder coating in RAL colours (on request).

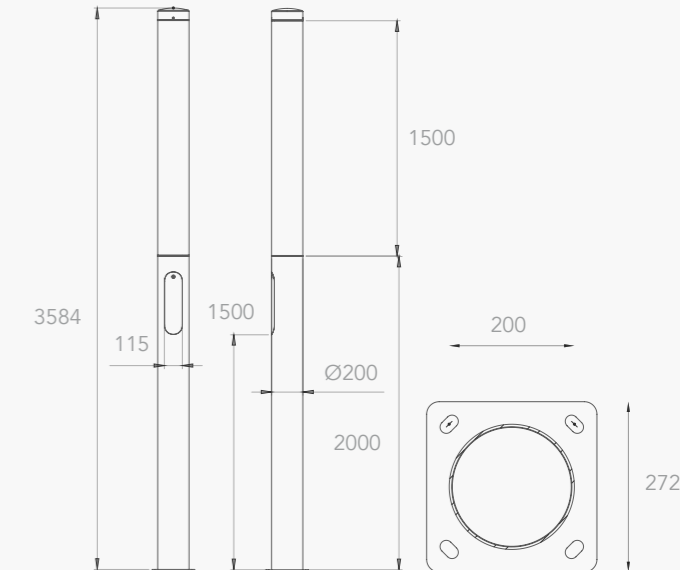

**Versions and options :**

Opal, clear diffuser.

**Driver :**

1 /10v  
DALI  
ON/OFF

**Dimensions :**

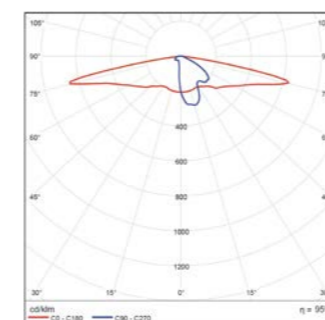

**Wattage, luminous flux and performance :**

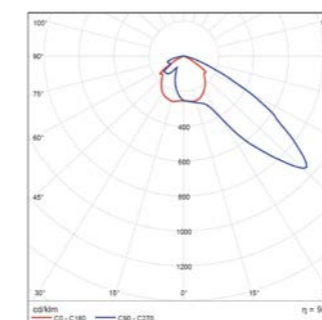

LED optics	Flux	Wattage	Performance
Road 24 LED	7067 Lm	52 W	135 Lm/W 4000°K
Circular 24 LED	7067 Lm	52 W	135 Lm/W 4000°K
Road 24 LED	6195 Lm	52 W	119 Lm/W 3000°K
Circular 24 LED	6195 Lm	52 W	119 Lm/W 3000°K
